

Pershing County Road Department Encroachment Permit Terms and Conditions

THE ISSUANCE OF THIS PERMIT DOES NOT ALLEVIATE THE APPLICANT FROM COMPLYING WITH ANY OTHER ASPECT OF COUNTY, STATE OR FEDERAL REGULATIONS.

TERMS AND CONDITIONS:

- NOTIFICATION PRIOR TO START OF WORK: The applicant shall notify the Pershing County Road Department daily of all work activities, (775) 273-7334. Please leave message with permit number, date and time of work. Notification shall be given before 8:00 a.m. for work performed that same day.
- CALL BEFORE YOU DIG: The applicant shall verify the location of, and protect all nearby utilities and underground infrastructure. The applicant shall be responsible for repair of damaged utilities or other infrastructure. CALL BEFORE YOU DIG 1-800-227-2600, 48 HOUR NOTICE REQUIRED.
- WORK NEAR TRAFFIC SIGNALS: The applicant shall contact the Pershing County Road Department a minimum of two working days prior to any construction near a traffic control system, i.e. signals, flashing warning devices, information boards, and street lamps, (775) 273-7334. Underground locates will be performed Monday through Friday, 7:00 a.m. to 3:30 p.m.
- EXPIRATION OF PERMIT: This permit is valid for 90 days from the date of approval. If the expiration date falls on a weekend or county observed holiday, the date of expiration will be at 5:00 p.m. on the next business day. In order to continue work on an expired permit, a new permit must be obtained.
- COPY OF PERMIT AT WORK LOCATION: A copy of the encroachment permit and approved plans shall be retained at the construction site at all times.
- WORK SPECIFICATIONS: All work shall be performed in accordance with the Pershing County Design Criteria and Improvement Standards, The Washoe County Standard Specifications for Public Works Construction (Orange Book), and the Uniform Building Code section on Excavating and Grading, 1997 Edition.
- COMPLIANCE WITH MUTCD: The applicant shall fully comply with the provisions of the Manual of Uniform Traffic Control Devices (MUTCD). The Road Superintendent shall approve variances from these manual and discretionary portions of the manual. All Flaggers shall have valid certification from the State of Nevada.

- **ROAD CLOSURES:** This permit does not allow for the closure of any road. Traffic shall be permitted to pass through work zones at all times. In the event a road must be closed, applicant shall contact the Pershing County Road Department for a Road Closure Application (775) 273-7334.
- **LOCATION FOR PLACEMENT OF UTILITIES:** New or relocated utilities shall not be placed closer than 6 feet from existing edge of pavement, or 6 feet from roadway edge on gravel and dirt roads. New or relocated utilities shall also not be placed within the roadside ditch area. All utilities, depth included, shall be installed in accordance with Pershing County Design Criteria and Standards. Minimum cover is required in all circumstances, including utility crossings of roadside ditches.
- **PRIVATE DRIVEWAY CROSSINGS:** The applicant shall coordinate driveway crossings and repairs with the property owner. No driveway crossing shall be made without 48-hour advance notice to the effected property owners, residents or tenants. Access to private properties shall be maintained at all times.
- **ROADWAY CROSSINGS:** All utility crossings shall be jacked or bored under the roadway. In the event a jack or bore cannot be completed due to rocky soil or other unforeseen conditions, the County Road Supervisor may approve the road to be cut using a Rock Saw. County approval must be given before any road cut is performed.
- **ROADWAY REPAIRS:** In the event a road cut is approved, all repairs shall be performed in accordance with the Pershing County Design Criteria and Improvement Standards. Road cuts shall be temporarily repaired with cold-mix asphalt by end of same workday. Permanent repairs using hot-mix asphalt shall be completed within 10 working days. Roadways constructed of recycled asphalt material shall be repaired within 10 working days with hot- mix asphalt.
- **COMPACTION REQUIREMENTS:** Applicant shall obtain minimum 90% relative Compaction on all Roadside Shoulders, and 95% Relative Compaction on all Roadway Sections. Applicant shall provide compaction tests in accordance with the Washoe County Standard Specifications for Public Works Construction (Orange Book).
- **EXCAVATION WITHIN RIGHT-OF-WAY:** All trenches and other excavations shall be closed or steel plated by end of same workday.
- **REMOVAL OF SPOILS:** All spoils shall be removed from work area within 10 working days.
- **DAMAGE TO PROPERTY:** The applicant shall repair at their expense, and to the owner's satisfaction, all damage to improvements on public or private property. This includes but is not limited to the repair or replacement of asphalt surfaces, driveway culverts, street striping and markings, traffic signs and guide markers, and landscaping and irrigation systems.

- FINAL INSPECTION: The applicant shall call the County Road Superintendent for a final inspection prior to expiration of the permit, (775) 273-7334. The Superintendent shall be given a minimum of two days advance notice. The Superintendent will submit a list of deficiencies to the applicant for correction.
- NOTICE OF COMPLETION: After correction of all deficiencies, and after acceptance of the improvements, the County will issue a notice of completion on the project.
- WARRANTY: The applicant shall warrant the work for one year from the date of notice of completion. The applicant shall repair at his own expense, all failures that occur during this period. Failure to request a final inspection and failure to obtain a notice of completion may delay issuance of new permits.

SPECIAL TERMS AND CONDITIONS:
